

Transportation Technology - Aviation

Instructor: Mr. Boyer

Class Code : AVI400

Co-teacher?

Class Time 1:50-2:45pm

Tuition : None

Length of Class (1st sem/ 2nd sem/both) 2nd sem

Materials Fee : None

Description:

Students will explore flight from the viewpoint of what a pilot needs to know to successfully pilot an airplane. Introduction to flight planning, safety, navigation, weather, how an airplane works, tools that a pilot needs to use as well as information that is usually associated with a basic ground school course for private pilots. This course, because of its brevity, will introduce students to broad concepts rather than actual expertise needed to become a pilot.

Enrollment: Min: 5

Max: 8

Pre-Requisites: 9th-12th grades

Required Text:

None - all handouts

Additional Materials:
