Description:

This course is for middle and high school students (and parents) who are new to crochet or those who want to perfect basic skills before moving on to Intermediate Crochet. Several beautiful and practical pieces like hats, scarves, and bags will be completed during the course as we draw from online and print resources. Students will enjoy the benefits of crochet circles (crocheting with others) and solitary crochet at home during the week. By the end of the course, they will have an overall knowledge of crochet ~ the history, techniques, and the differences between crochet and other fiber arts. Students will demonstrate the basic stitches of crochet and will know how to seek out tools for learning stitches not taught in class. They will be able to read crochet patterns, both written & charted. Their knowledge will be put to use by teaching at least one other person outside of class how to crochet.

Enrollment: Min: Max:

Pre-Requisites: none

Required Text: Some crochet patterns will be provided by instructor; others will be found by students through library books, pinterest, and Ravelry searches.

Additional Materials: Students will need a variety of hooks and yarn based on the patterns they choose.
