## Description

This course is designed to stir up the delight of words in the students. LogoMania would be suitable for those students who are beginning to explore word creativity, as well as those students who are not quite ready for IEW. The students will become more familiar with the dictionary and thesaurus and their vocabulary will be increased, not merely through instruction, but by the student's own discovery activities. Though "traditional" creative writing is a component of this class, the scope of activities will encompass a wide variety of interactive applications. What the Bible has to say about our use of words will also be incorporated, that students will not only learn good written and verbal communication, but also Godly communication. Weekly assignments, prepared to be more enjoyable than academic, will reinforce class instruction.
