Description

This course is for anyone who wants to enhance their ability to engage in meaningful conversation. Classes will be formatted as a series of structured, facilitated discussions. By learning how to listen rather than speak, and ask questions rather than give answers, students improve their reasoning skills and gain confidence in their ability to dialogue. There will be required reading and writing assignments. Students will be given an opportunity to facilitate a discussion on a topic of their choice. Note: This will be a “device-free” class, i.e., cell phones and other electronic devices will not be permitted during class.
