Description

The Bible class this semester will focus heavily on the nature & attributes of God. We will look intently into the character of God and learn more about His Holiness, His Wisdom, His Power, His Love & His Grace etc. We will then begin to cover some of the major themes in the Bible (and their direct relationship to God) such as Faith, Sin, Atonement, Obedience, Risk, Missions & Ministry. Every week will have its own focus, but each session will build into the other as we cover important systematic theology. The class will re-affirm and flesh out many of the statements of faith within the Co-Op statement of faith. The class will seek to unify the students under some of the major themes in scripture, while avoiding hot topics or widely debated issues. The class will not seek to burden students with much paper-work, rather any homework would be aimed at helping the students discover the themes/truths more personally with assigned reading from the Bible or portions of other books (provided) with opportunities to share verbally their learning and several assigned written summaries. The major goal is that the students would grow in their understanding of the scope and goal of scripture as well as falling more in love with their Creator. About the teacher: Ben Hazen is a graduate of The Moody Bible Institute with a Bachelors in Youth Ministry, and New Tribes Bible Institute with an Associates in Bible. He has been the Student Ministries Director at Community Baptist Church for 6 years and the Director of Discipleship for another 2.
