Description:

This year's 3rd-5th grade art class, entitled "Artists and Art!" will be a fun class where students will be making art inspired by different artists. Students will experience a wide range of art mediums and techniques that will include origami, painting, drawing, sculpting, and weaving. They will also be learning about art history and some basic art theory while they make their artwork! This is a well-rounded class that is both fun and academic and will be a great foundation for future art studies.
