### Description:

This course is provided to help students satisfy the state's requirement for including PA History in a homeschool education. Students will explore the history of the state as well as some of the geography. I will be using the book, *State History From a Christian Perspective* as a resource and students will use the companion book, *My State History Funbook*. In addition to the color and cut/paste activities from the student book, I will be using several resources from the internet to provide hands-on activities and literature to highlight the state of PA. It is my hope that this class will be an opportunity to provide families with additional information/resources (including field trip information) that will aid them in teaching PA History at home. The link for ordering the student book is:
